Subject: [Update] Review Sub-Contractor Bid Results
Date: Friday, July 01, 2016 2:47:50 PM

Team,
I just spoke with Chris regarding the bid status. Balfour has pretty much have everything, but some bids came in really late. They would not be ready to have a formal presentation of the bids by next Thursday. But they can provide a summary of bids. With that, we will have a call in next Thursday (webex for sharing docs), and then have the formal presentation on the 21st of July.

Chris, please update the invite to reflect the call in meeting instead of in-person meeting.

Please let us know of any questions.

Thanks
